We emphasize the opportunity to make a difference in the community and in the lives of its citizens. We have a proud commitment among our employees to offer the best possible services to the community.

Kingman County was formed in 1874 and was named for a state Supreme Court judge. The City of Kingman was named the county seat and was incorporated as a city of the third class in 1883. Through out its history, the economy of Kingman County has been primarily rooted in agriculture, both farming and stock raising. And, while continuing urbanization has affected emerging development patterns, the County is yet predominantly agricultural in nature, although the economy has become increasingly diversified with substantial contributions from mineral production, industry and trade.

Kingman County provides services to its citizens by way of law enforcement, public works, activity center, and health departments. At the courthouse the needs of citizens are met by departments of the clerk, register of deeds, treasurer, appraisers, emergency management, community service, and planning and zoning.
